About Ramak Dairy Company

Founded in 1995 in Shiraz, Ramak Dairy Company is one of Iran's leading dairy manufacturers with extensive experience in the production and supply of dairy products for both retail and industrial markets. Over the years, the company has developed a broad manufacturing platform supported by multiple production lines and advanced processing technologies, enabling Ramak to serve a diverse range of domestic and international customers. Ramak's portfolio includes more than 100 retail SKUs, covering ESL and UHT creams in various formats and flavors, a wide range of cheeses including cream cheese, mozzarella and traditional varieties such as Liqvan Cheese, as well as ESL and UHT milk in plain and flavored varieties. The company also produces butter, Kashk, Doogh (Iranian Laban), dairy powders and a range of industrial dairy products, including bulk frozen cream and butter for industrial applications. With more than 3,500 employees and 32 branches across Iran, Ramak has established a broad nationwide presence and currently exports to more than 20 countries. The company has also been recognized on multiple occasions as an exemplary exporter. Combining established dairy expertise, advanced production technologies and extensive manufacturing capabilities, Ramak continues to expand its international presence, develop its product portfolio and build reliable, long-term partnerships with customers and business partners worldwide.
